Union Leaders

Are Dodging The Issue In The Telephone Strike

They are Issuing a Lot of Misleading Statements About the Company's Position on Arbitration.

These Statements Don't Check With the Facts.

Look at These Facts - - -

Ever since we've had a contract with the Union, the true intent and meaning of every provision of every agreement between the Company and the Union has been subject to arbitration.

Before The Strike Started

Southern Bell proposed that any disciplinary action resulting from violations of the no-strike clause demanded by the Company would be subject to arbitration. Before The Strike Started, Southern Bell proposed that all susppensions of employees, regardless of the cause, would be subject to arbitration.

In spite of what Union leaders have said, the truth is that BEFORE THE STRIKE STARTED, Southern Bell proposed full and complete arbitration on every type of discipline that could be imposed under the new contract.

In fact, not only all discipline but practically every other item in the new contract proposed by the Company BE-FORE THE STIKE STARTED was made subject to arbitration. The only items on which no arbitration is available under the Company proposal are the pension plan, leaves of absence, Company compliance with health, safety and fire protection laws and demotions and discharges during trail periods-matters which the Union and the Company have agreed over the years in collective bargaining should not be left to the final de-

cision of an arbitrator. This is all a responsible Union should want.

But This Union Wants Still More

They are going so far as to demand that an arbitrator be called in now to decide WHAT THE TERMS OF THE NEW CONTRACT SHALL BE. He would, in effect, write a whole new contract and his decision would be final. There his responsibility ends.

Southern Bell's management is charged with the sole responsibility for providing Communications services in the area the Company serves. It cannot surrender that responsibility to others. Our obligation under the law cannot be delegated. We must retain the right to make the final decisions essential to the sound and effective management of this public service.

The issue in this strike is simple and clear - Will Union leaders live up To a Contract once it is signed?

Southern Bell guarantees good wages, good working conditions and other contract benefits. In return it asks only that Union leaders agree not to disrupt service to the public by strikes while the contract is in force.

This they refuse to do on any reasonable basis. They still demand the right to call workers off the job whenever it suits their purpose, while the contract is in effect. They want the contract to be binding on the Company but not on the Union.

Make your dream house come true! It's easy -through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic . way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week a few dollars or as much as you want. After that, you're saving automatically nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U.S. Series E Savings Bonds.

Because Savings Bonds earn solid interest -3% cumulative semiannually when held so manufer

-the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're selfyed, invest in Bonds regularly where yo . Start now to make your dreams come true!

plans included for expansion and growth.

Last year there was no organized Boy Scout finance drive in this area, and because of the lack of public support and interest, local Scouting went into a decline. Troop 24 at Cania Point sponsored by the Canal Point Methodist Church was able to function solely through the inspired leadership of its scoutmaster, Fluelix A. Slonaker. Ed Carver, serving as scoutmaster of Pahokee Troop 28, did some outstanding work in keeping his troop active for several weeks before its was forced to fold up because of the lack of public support.

An active Scout Committee for this district has been organized and a new bus has been purchased for use by local scouts on their field and camping trips.

In his message to the public at the start of the drive Dr. Luce points out that the Pahokee-Canal Point area now has leaders who know Scouting, are interested in promoting Scouting and will make this coming year outstanding for local Scouting if the public will support the Scouting movement. He says, "A contribution to the Scouting movement is an investment in character building and citizenship training of our future manhood," then makes the query, "Could any investment be more worthwiile?"
